

# Course Syllabus

Course Title	Management of mobile access towers
Duration	One day course, lasting a minimum of 6 hours
Who will benefit from this course	Any person who has responsibility for overseeing the work of operatives on site ensuring that work is properly planned and organised and that those involved in carrying out the work are competent and properly trained, and that towers are correctly inspected and maintained
Learning Objectives	To learn about current legislation, regulations and guidance affecting work at height using mobile access towers
Method	Theory session with exercises
Assessment	Open book assessment with an 80% pass mark
Course content	Current Legislation, Regulations and Guidance affecting work at height with mobile access towers, PASMA Code of Practice, a look at assembling, altering and dismantling mobile access towers incorporating current best practice for fall protection, inspection of completed mobile access towers and completion of Tower Inspection Records; hazards affecting the use of mobile access towers
Instructor delegate ratio	Maximum of 1:12
Venue requirement	A suitable classroom to accommodate 12 delegates for the theory session
Supporting Documents	A course content and notes booklet and a current Code of Practice booklet will be issued to all delegates who attend the course
Award	A PASMA Certificate and PhotoCard will be issued to successful delegates who complete the Theory and Assessment sessions at the level they attend the course which has a five year validity period
Literacy, Fitness & Health <i>(Extract from the PASMA Code of Practice)</i>	<p>Since the safe use of mobile towers requires that you consult safety notices and read and thoroughly understand the manufacturer's instruction manual, literacy and language comprehension are important requirements for any tower user</p> <p>Similarly, since the assembly and use of mobile access towers can be physically demanding, users should be physically fit and in good health and should, <b>generally</b>, not have problems with eyesight or hearing, heart disease, high blood pressure, epilepsy, fear of heights / vertigo, giddiness / difficulty with balance, impaired limb function, alcohol or drug dependence or psychiatric illness</p> <p>If delegates have any problems with literacy or language comprehension, or have any doubts about their fitness to use mobile access towers, they <b>must</b> bring them to the attention of their employer. This need not preclude them from using mobile access towers, provided their employer conducts an assessment and is able to put into place adequate measures, to take account of any difficulties they may have</p>
Qualifications & Experience	It would be envisaged that you will have a good working knowledge of the Work at Height Regulations and Health & Safety at Work Act 1974
